THE INSTITUTE
FOR COORDINATED
COMMUNITY RESPONSE

The Institute for Coordinated Community Response (ICCR) provides a full year of training, resources, networking opportunities, and technical assistance for rural, under-resourced Texas counties who are motivated to improve their systemic response to domestic violence through the creation of a Coordinated Community Response.

Powered by AdvanceNet Labs Empowerment Marketplace, members of the community response teams access live webinars, guided discussions, and recorded presentations on ICCR's customized e-learning platform.

EDUCATION OPENS DOORS

Education Opens Doors (EOD) is expanding nationally to engage 50,000 middle school students looking to establish their vision and educational path to college. With AdvanceNet Labs virtual roadmap, EOD is bolstering its life-changing Roadmap to Success program to reach additional school, students, and parents through virtual program support and digital transformation.

Powered by AdvanceNet Labs, the integrated platform provides EOD with:

- The opportunity to assess, engage, educate, and report on students success in their program
- The ability to access learning and development libraries 24/7
- Teacher portals
- The capability to create content
- On demand self-help (e-mail, help tickets, & a call center)
- Robust data tracking and reporting

DALLAS REGIONAL CHAMBER WORKFORCE DEVELOPMENT

The Digital Career Explorer Tool provide a students nearing graduation with a “virtual counseling” experience for planning their academic and career pathway to success.

Students are assessed in a game-based format. Based on their interests and lifestyle goals, students receive career counseling and academic opportunities best suited for them. Students are connected to resources from multiple sectors in the community enabling and empowering them to achieve their goals.
